

HIGH SENSE

PERSONALIZED CREATION 2025

TURNING VISIONS INTO REALITY

What makes a space unforgettable? It's not just about what you see; it's about how you feel. It's how a shaped form catches the light, how a piece seems to move even while standing still, and the harmony of elements crafted with precision yet breathing with fluidity.

At High Sense, design is not just something we create; it's something we live by. We merge architectural innovation, avant-garde technology, and sustainable craftsmanship to challenge the existing condition.

We are trendsetters with a futuristic vision
Behind every tailored piece of furniture and transformative structure is a story that transcends
bold statements of form, function, and artistry.

MEET NOURHAN RABAH

Behind every masterpiece is a mind that doesn't settle for the ordinary. Meet Nourhan Rabah, an architect, a designer, and a visionary. With a background in architecture and urban design, she crosses the gap between structure and emotion, geometry and fluidity, technology, and the organic.

Her philosophy: design should not just be seen, it should be felt. Her work symbolizes a rare fusion of parametric design, robotic fabrication, and modular adaptability, ensuring each piece is a statement yet a revolution in contemporary craftsmanship.

THE HIGH SENSE PHILOSOPHY

MISSION

To break the ordinary and push the limits of what's possible by merging art, technology, and sustainability into breathtaking designs. Our goal is to be a leader in futuristic design, where every piece is not just functional but iconic.

VISION

We don't design objects, we craft masterpieces. Through architectural depth, material innovation, and groundbreaking digital fabrication. Our pieces are timeless, bold, and transformative.

CORE VALUES

Innovation / Pushing boundaries to create innovative and cutting-edge designs using intuitive movement.

Sustainability / Seeking creative solutions by using recycled materials to build impactful designs.

Aesthetics / Blending artistry and sophisticated solutions to transform your space into a unique work of art.

Personalization / Tailoring each product to reflect each client unique needs, lifestyle, and taste

Exclusivity / Creating one-of-a-kind designs, reflecting individuality and rarity.

High-end / Delivering exceptional visibility and quality, making each piece durable and distinctive.

DESIGN COLLECTION

Each collection is a dialogue between
material, space, and movement.

TABLES

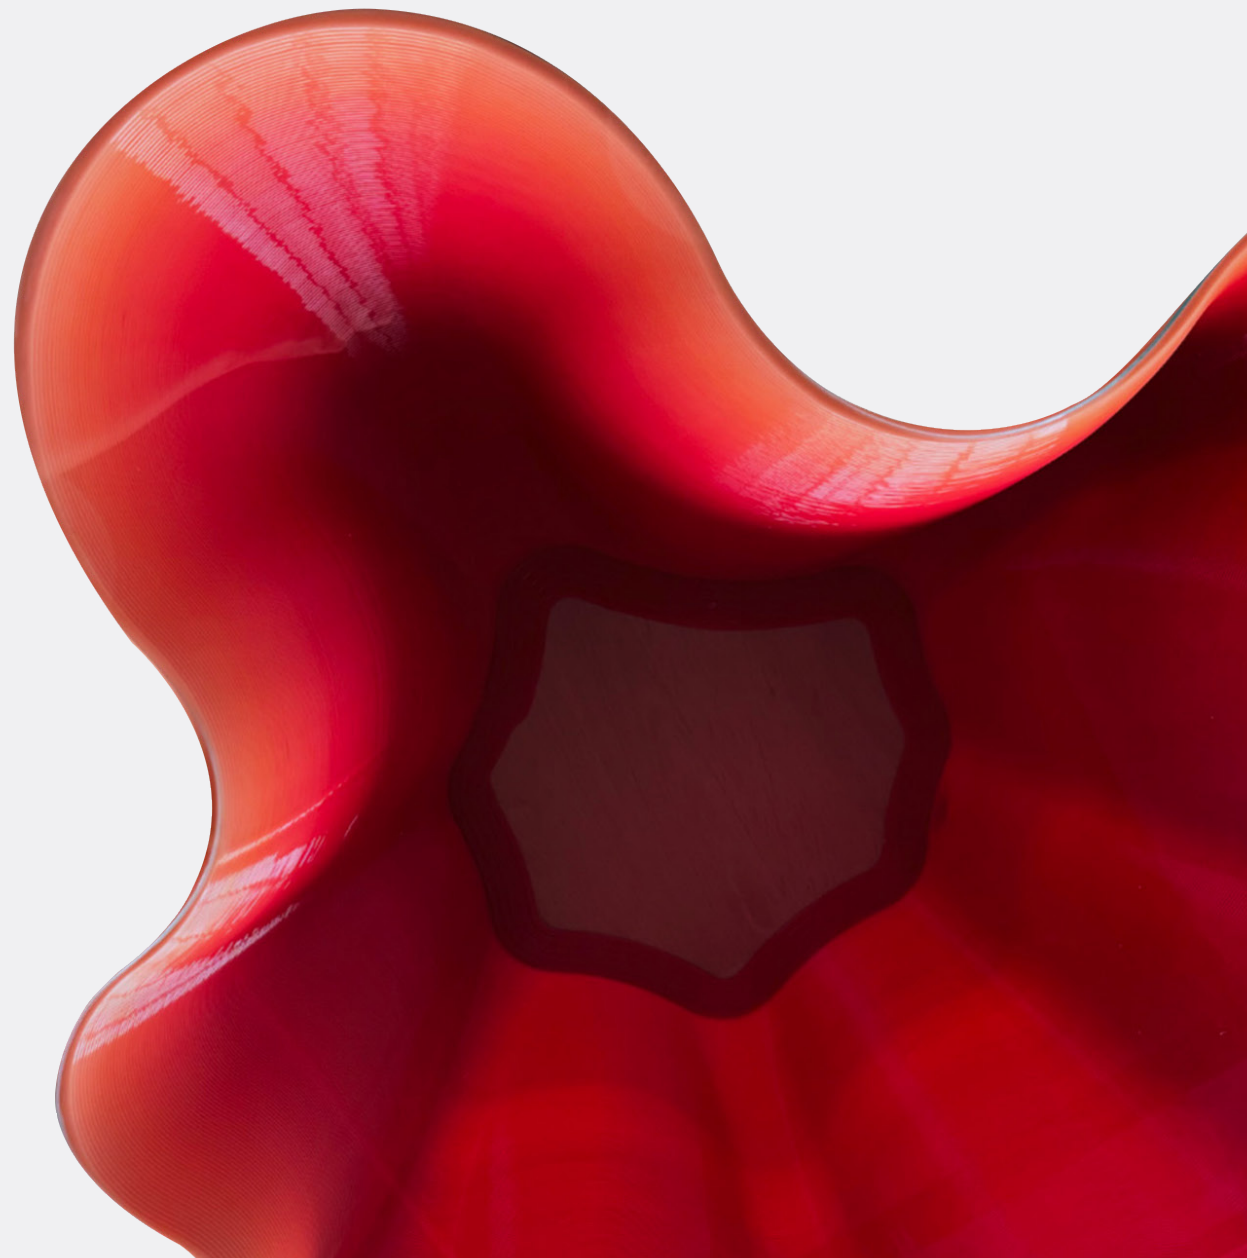

INTERFERED CIRCLES I, II, III

Tables that are alive

The involved Circles series reimagines what a table can be. A sculptural interplay of geometry and transparency, these pieces feature 3D-printed fluid bases supporting sleek glass tops, revealing the movement of rolling water. Perfect for conversations, reflections, and everything in between.

Materials: PETG | Glass | Concrete
Dimensions: Customizable

METRIC ASSEMBLY COFFEE TABLE

A geometric rhythm

Like a kaleidoscope in motion, this coffee table shifts, reconfigures, and transforms. A statement in form and adaptability, its mirrored cubic elements offer a mesmerizing sense of movement.

Materials: Adaptive

Dimensions: 38cm x 38cm x 38cm

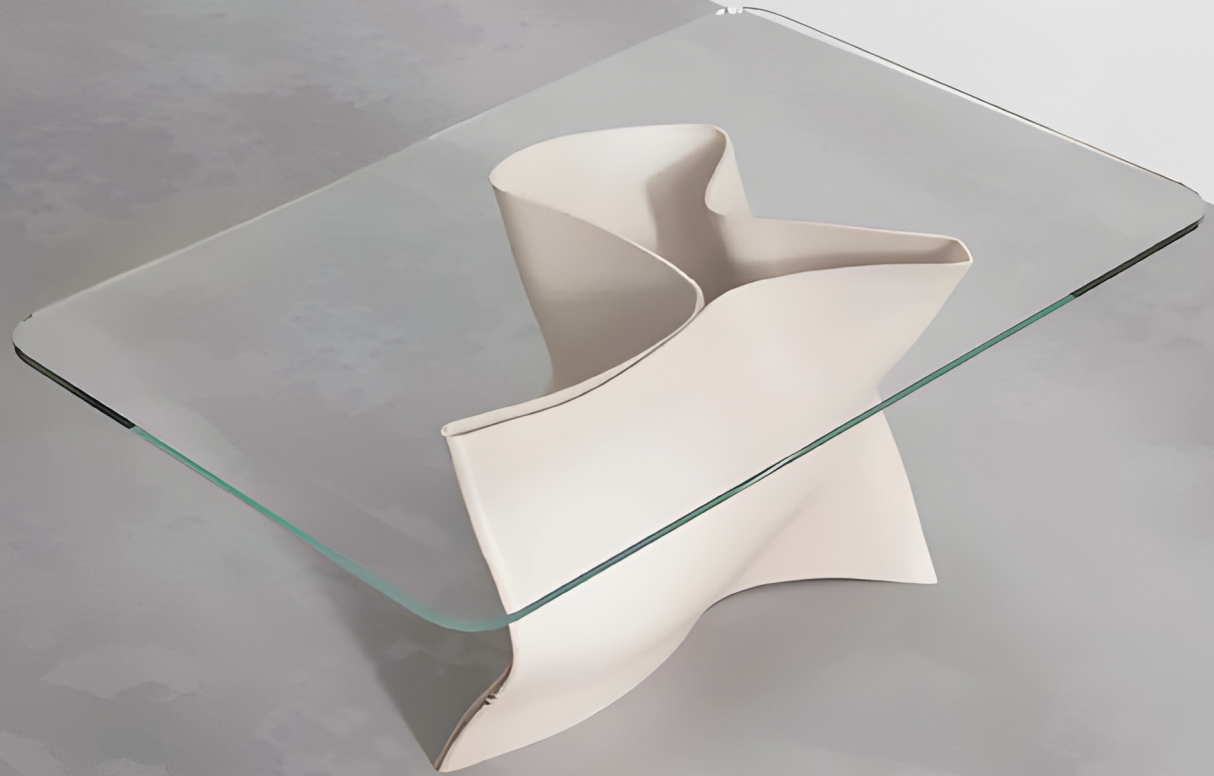

FLUID TABLE / DINING TABLE

A table that flows

The Fluid Table captures the elegance of liquid motion, with its flowing 3D-printed base and transparent glass top, creating a surface, that feels like it's breathing.

Materials: PETG | Glass | Concrete
Dimensions: 200cm x 140cm x 72cm

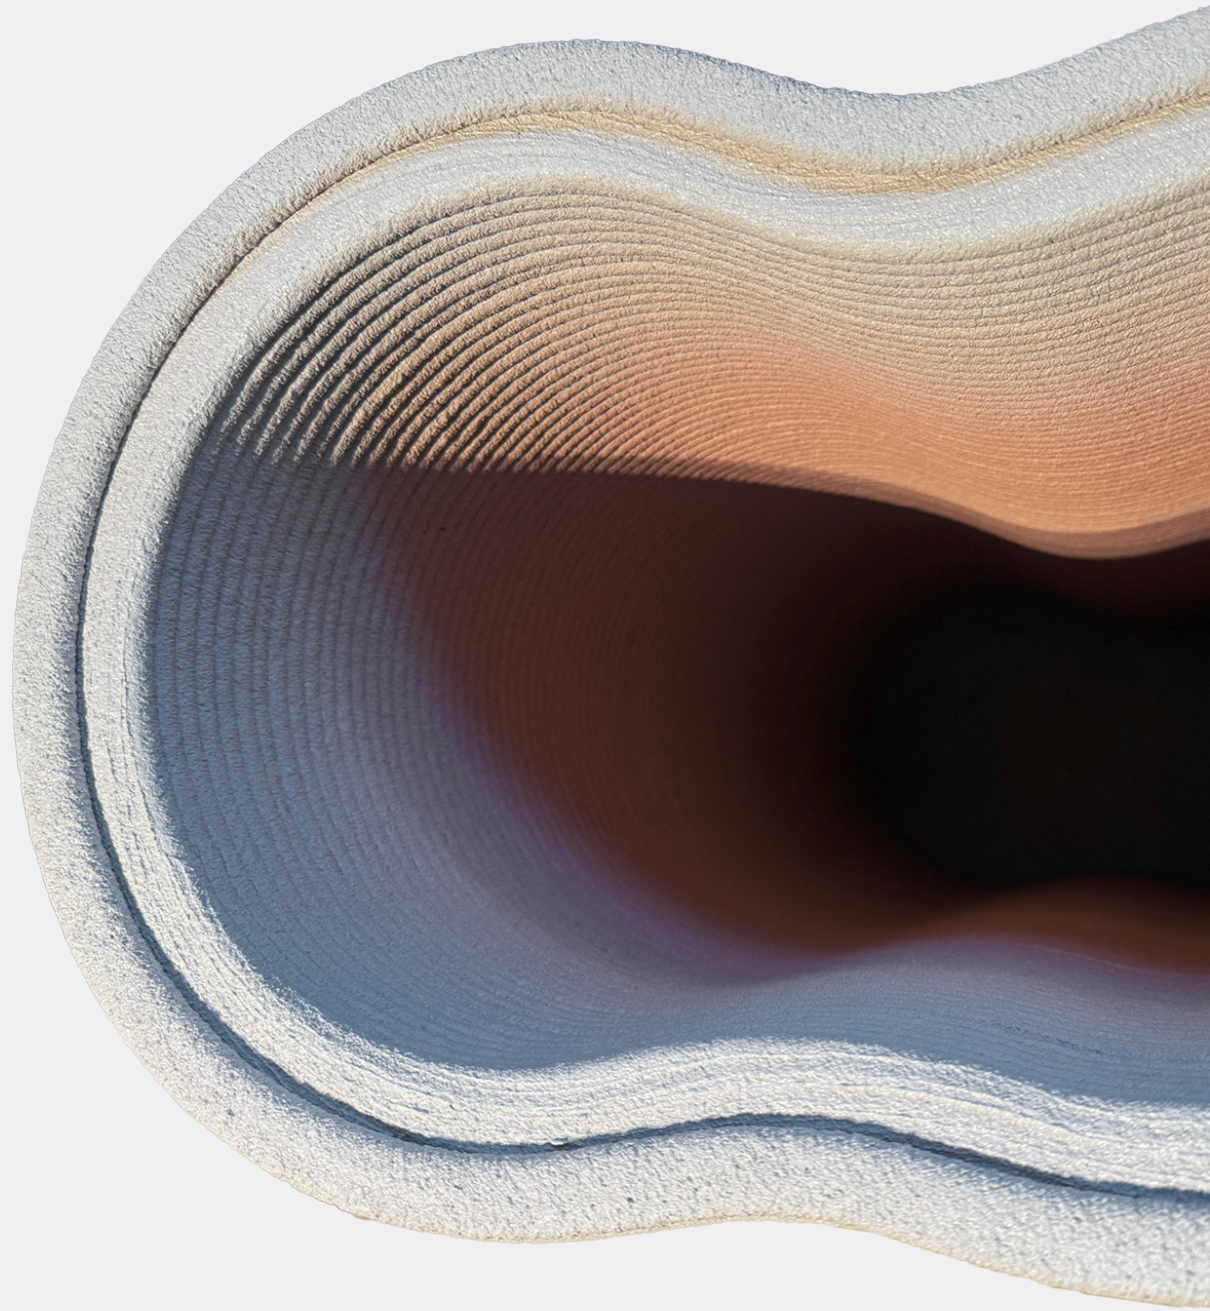

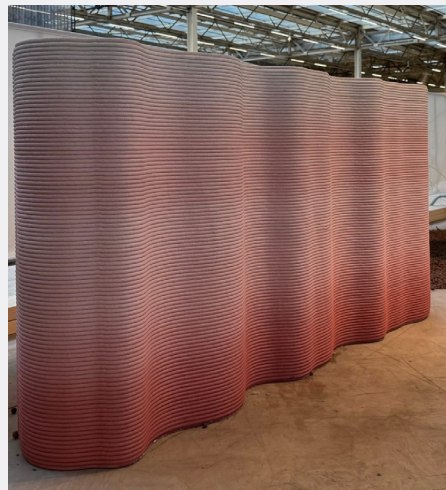

CONCENTRIC CONSOLE

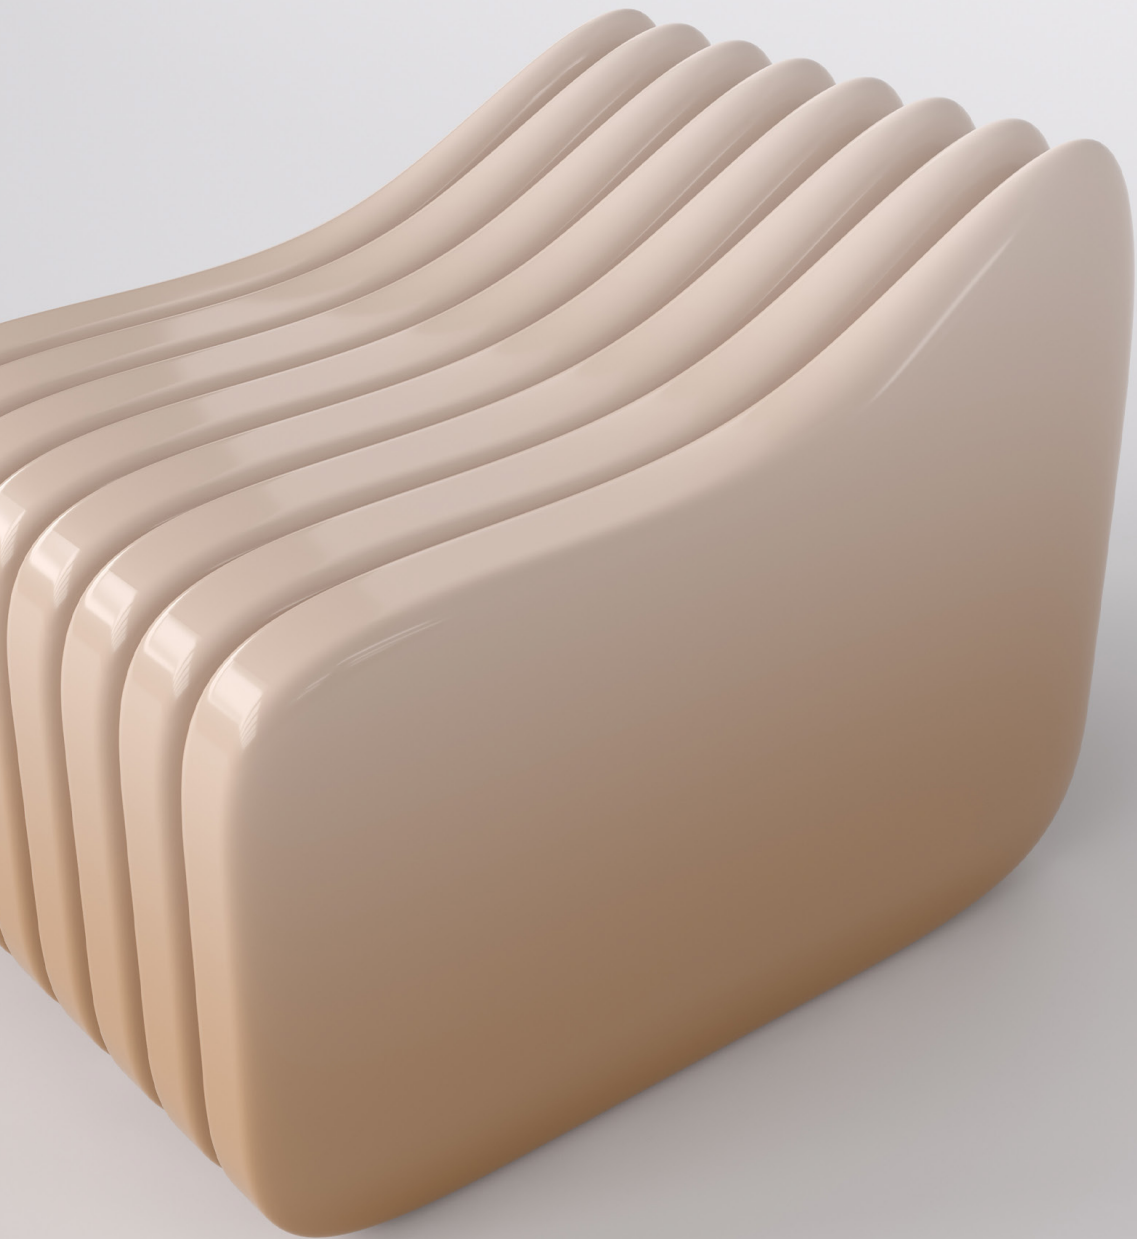

A concrete console shaped by the rhythm of dunes

Clean lines and smooth gradients, from deep rose to soft blush, highlight the balance between raw material and refined form. It is a statement of structure and simplicity.

Materials: Concrete

Dimensions: W 40cm x D 120cm x H 85cm

SEATING

ADAPTA BENCH

Where curves meet comfort

A flowing waterfall of sculpted edges, the Adapta Bench blends organic movement with contemporary architecture, wrapped in an electrifying orange tone that commands attention.

Materials: Styrofoam | Fiberglass
Dimensions: 55cm x 142cm x 50cm

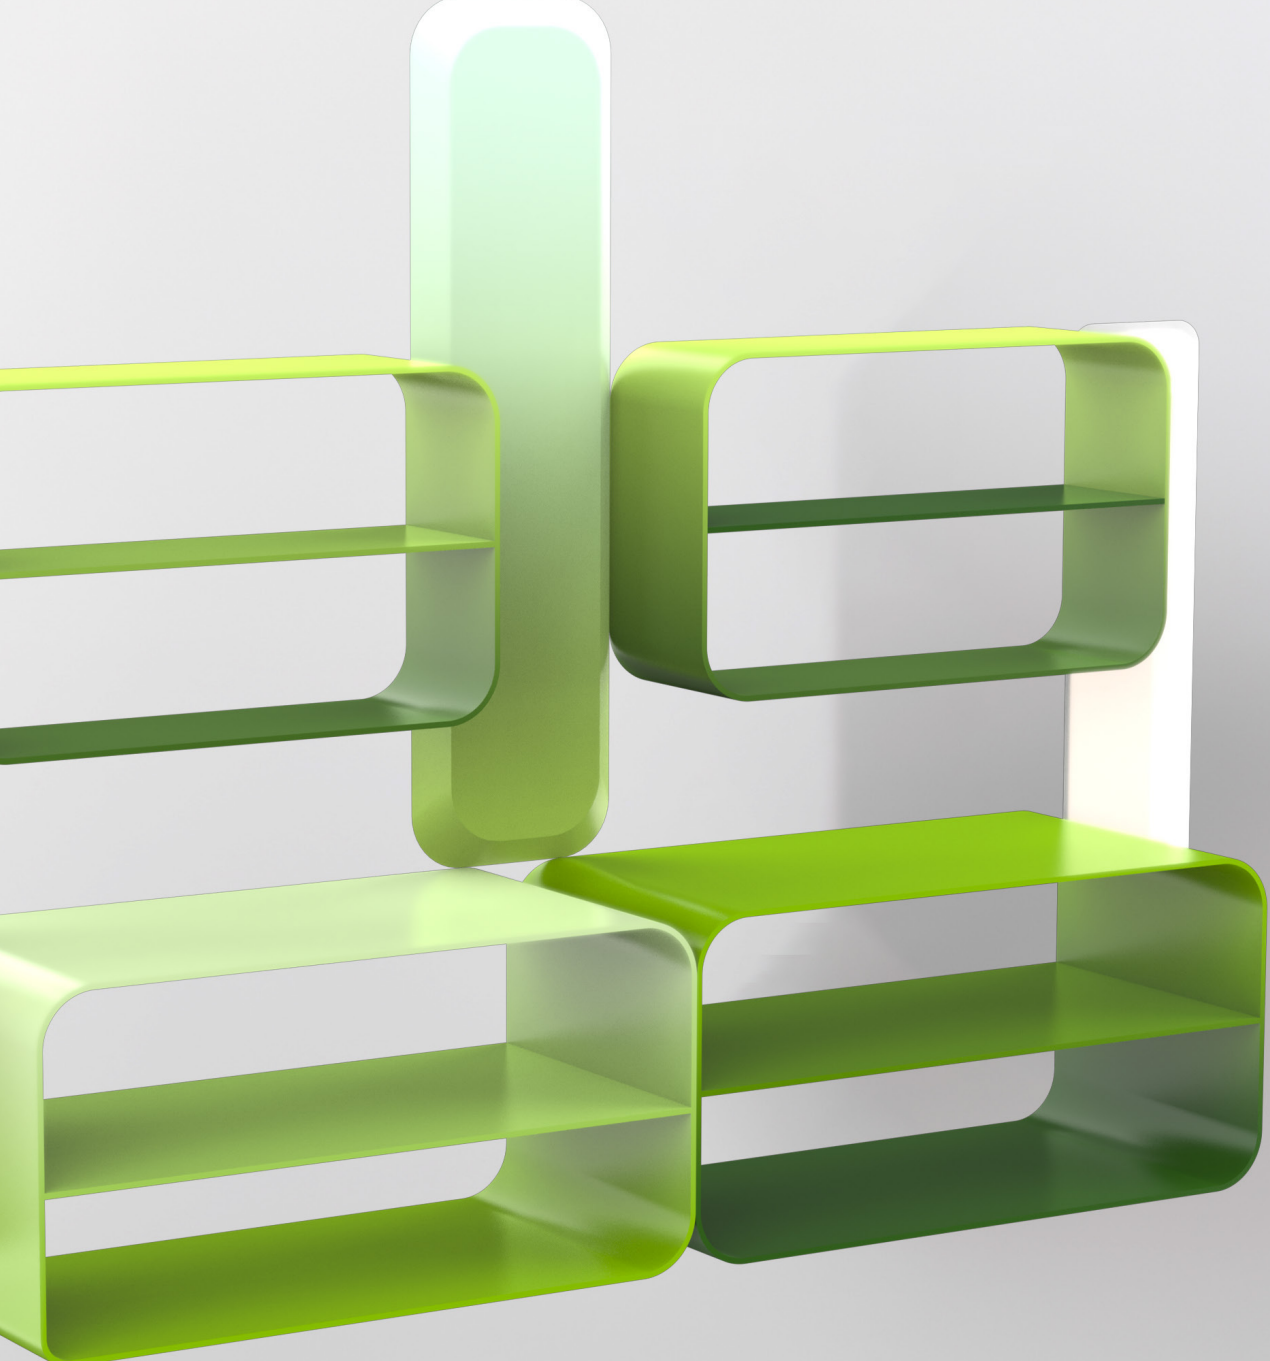

THE MUTABLE COLLECTION

Seating that defies convention

The Spiral Cube Stool transforms a simple cube with stacked, twisting layers, challenging the very nature of form. It's not just seating, it's sculptural movement, frozen in time.

Materials: Fiberglass | Paint
Dimensions: 75cm x 75cm x 45cm

SHELVING & STORAGE

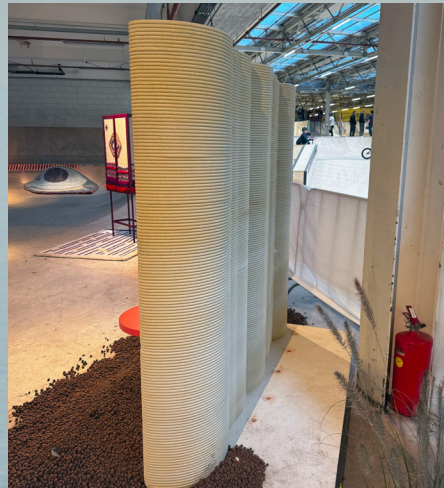

CIRCULAR POP SHELVES

Inspiring storage.

A playful and structured composition, these shelves combine bold circular elements with a sleek concrete frame, transforming an everyday necessity into an artistic statement.

Materials: Concrete | Recycled Wood

Dimensions: Adaptive

LIGHTING

DUO SHELL PENDANT LIGHTS

Layered light, infinite depth.

Sculpted with dual resin shells, these pendant lights diffuse warmth and interest, turning illumination into an experience of depth and balance.

Materials: Metal
Dimensions: 15cm x 15cm x 35cm

RADIANT HUB STANDING LIGHTS

A soft, sculptural glow.

A play of clear PLA and concentric forms, these standing lights create an atmosphere that feels both from space and intimate.

Materials: PLA | Metal
Dimensions: 20cm - 75cm (Customizable)

ACCESSORIES

CONIC VASE SERIES

Fluid geometry, timeless presence.

These vases don't just hold flowers, they capture movement.
Designed with spacious, sculpted curves, they express grace, rhythm, and effortless sophistication.

Materials: PLA
Dimensions: Customizable

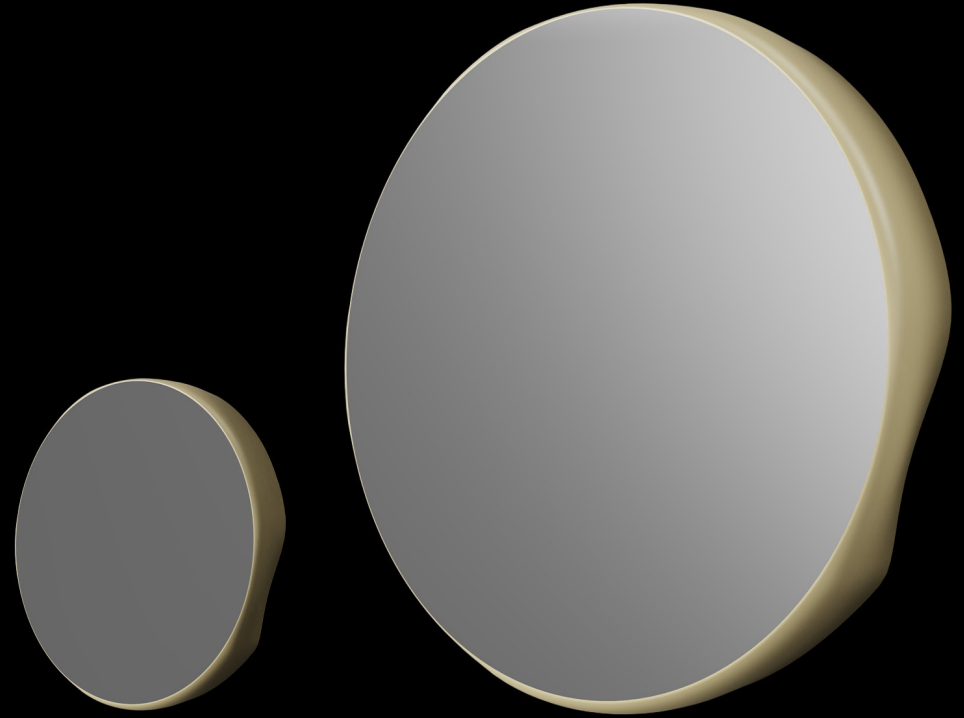

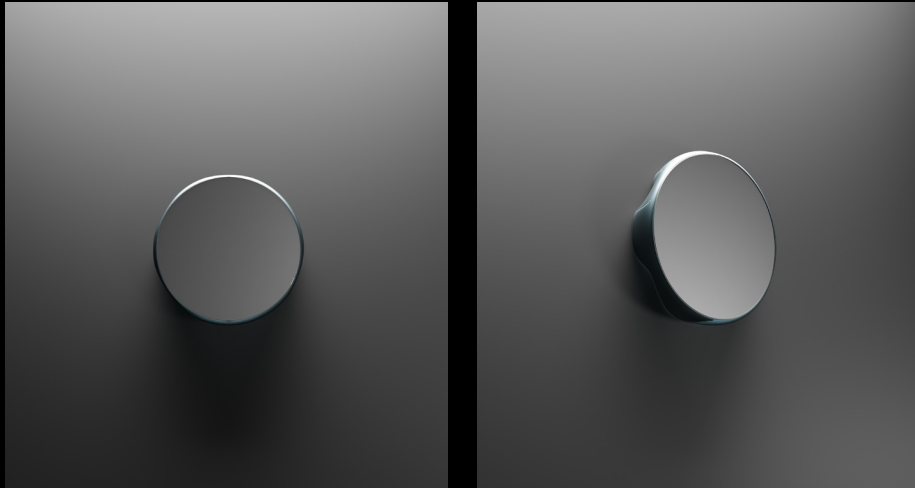

SCULPTED AURA MIRROR

The art of reflection

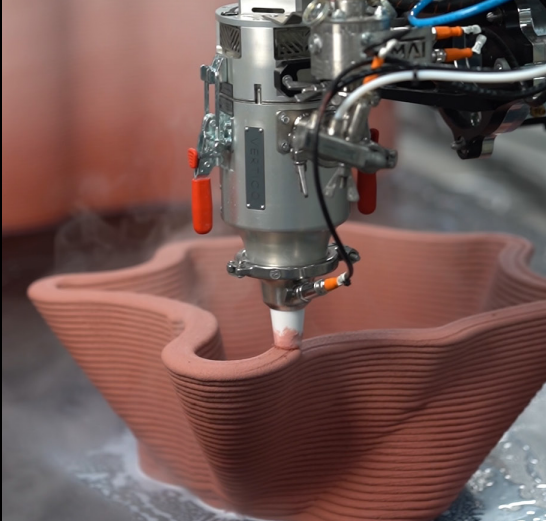

The Sculpted Aura Mirror fills the room
and creates a new depth of dimension.

Materials: Concrete | PLA

Dimensions: Adaptive

INTUITIVE DESIGN MOVEMENT

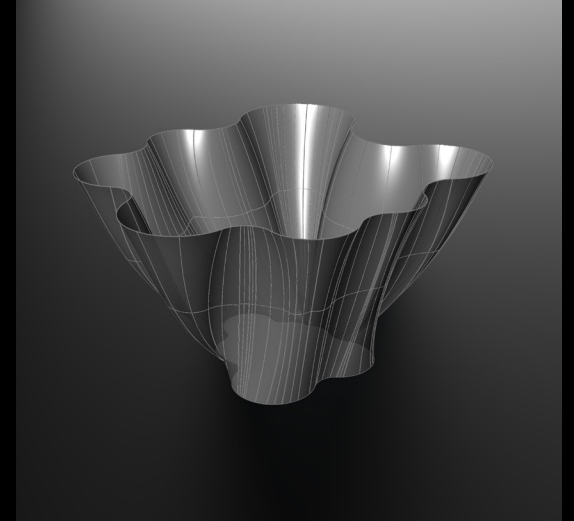

ROBOTIC FABRICATION & 3D PRINTING

Technology meets artistry, every form is crafted with precision, yet filled with soul.

SUSTAINABLE MATERIAL EXPLORATION

Biodegradable PLA to ultra-durable PETG is a commitment to beauty and responsibility.

CUSTOMIZABLE DIGITAL CRAFTSMANSHIP

Each piece is personalized, exclusive, and unforgettable.

HIGH SENSE

**YOUR SPACE IS WAITING.
LET'S TURN VISION INTO REALITY.**

Your vision. Your space. Your masterpiece.
